

PICKAWAY EAST-WEST CONNECTOR (AKA RICKENBACKER INTERMODAL CONNECTOR)

Project Details:

The Rickenbacker Connector will provide a connection between U.S. 23 and the Rickenbacker Intermodal Facility.

Benefits:

- Bridge over railroad crossing on Duvall Road will enable non-stop travel by container trucks, reducing transportation time
- Additional entrance to Rickenbacker Intermodal Facility will facilitate traffic flow into and out of the facility
- The Rickenbacker Connector and improvements at the I-270 and Alum Creek interchange will allow for increased capacity into Rickenbacker Global Logistics Park
